# *It's our Silver Anniversary! Dümmen Orange North America Turns 25 in '25!*

As we celebrate Dümmen Orange North America's 25th anniversary in 2025, we are filled with immense gratitude and pride. This milestone marks not only a quarter-century of growth and innovation but also a journey built on the unwavering trust and support of customers like you.

Since our inception, Dümmen Orange has been dedicated to pushing the boundaries of horticultural excellence. One of our key milestones was the introduction of Confetti Garden®, a revolutionary product that transformed the market with its vibrant and diverse plant combinations. Another significant introduction was the launch of the Potunia® petunia series, which brought unmatched beauty and resilience to gardens everywhere. Most recently, we have pioneered breakthrough technology with Intrinsa®, introducing the first TMV-resistant petunia, displaying our commitment to innovation and excellence.

Our expansion across North America stands as a testament to our commitment to quality and customer satisfaction. From our humble beginnings, we have grown into a dependable breeder-producer supplier in North America, serving a wide array of markets and fostering strong relationships with our partners and customers. This growth has been driven by our relentless pursuit of excellence and the loyalty of customers who believe in our vision.

We owe our success not only to our loyal customers but also to the incredible team members, both past and present, who have dedicated their talents and passion to making Dümmen Orange what it is today. Your hard work and commitment have been the backbone of our achievements and have enabled us to reach this remarkable milestone.

As we reflect on the past 25 years, we are deeply thankful for the trust you have placed in us. It is your support that has empowered us to innovate, expand, and lead. We look forward to many more years of serving you with the same passion and dedication that has defined Dümmen Orange from the very start.

Here's to celebrating our past, cherishing the present, and embracing a future filled with promise and possibilities.

Thank you for being a part of our journey.

### BALLERINA® FUCHSIA

The star of the show is Ballerina®, our Fuchsia series with strong, day-neutral and well-branching plants that are naturally compact.

The new series performs exceptionally well on balconies and terraces or flower beds and borders. Ballerina® blooms reliably and persistently from early April to August. Their individual medium-sized flowers attract bees and other pollinating insects throughout the whole summer season.

# Better Together ► MIX N' MATCH

The Better Together program from Dümmen Orange provides the easiest solution for growers to produce exciting combinations that offer a wide array of vibrant colors and go the distance for all-summer color.

Great Falls® coleus varieties blend seamlessly with three of our other top-performing heat-tolerant genetics for no-fail summer color. And with impeccable uniformity across all lines, growers can mix and match any varieties for combinations that turn out perfect, consistently.

LOVES the *Sun* ►

## **BIG EEZE GERANIUMS + GREAT FALLS® COLEUS**

Big EEZE geraniums are an industry-leading interspecific series with outstanding and all-summer durability. They have a mounding habit perfect for hanging baskets and patio containers.

## **I'CONIA® BEGONIAS + GREAT FALLS® COLEUS**

I'Conia® begonias are an ideal choice for heat-loving combos that thrive in both sun and shade. I'Conia® Miss varieties work best with Great Falls® coleus for hanging baskets, with their cascading nature, while the Upright types are well suited for patio planters.

# DAHLIAS

## ***A STAPLE FOR EVERY BEDDING PROGRAM...***

EVERYTHING GROWERS NEED, FROM 4" TABLETOP DISPLAYS TO LARGE CONTAINER THRILLERS AND MEGA PERFORMERS FOR LANDSCAPES.

## **NOVATION<sup>®</sup>** **SERIES**

---

Novation<sup>®</sup> dahlias are early season and are a perfectly uniform series designed for grower programmability. All varieties flower within three days of one another and have full, very densely branched plants that are ideal for high-density production.

## **DAHLINOVA<sup>®</sup>** **SERIES**

---

Dahlinova<sup>®</sup> is very versatile in the landscape and thrives in containers and sunny flower borders, producing an abundance of large, ultra-bright blooms all summer long. A great garden performer and super cut flower.

## **STARSISTER** **SERIES**

---

The Starsister series are known for their visually striking blooms with bold bicolors and unique flower forms. These plants have a compact to medium vigor, ideal for quarts to 8-inch containers.

## **TEMPTATION** **SERIES**

---

Temptation dahlias are a real highlight with their jet-black foliage setting a dramatic background for the vividly colored and fully double flowers. The series is exceptionally uniform across colors with a mid-vigor for larger containers and combination planters.

## HYPNOTICA® SERIES

The Hypnotica® series brings growers a full range of colors on fully double flower forms. These medium to high vigor plants are ideal for larger container sizes and display fantastic garden performance throughout the summer.

## REVELATION SERIES

The Revelation series is primed to become the industry standard for uniform timing and habit in dahlias. Revelation's vigor makes these dahlias an excellent choice for both large containers and landscape plantings.

## MEGABOOM SERIES

MegaBoom takes an extra-large flower size and places it right on top of the plant for an especially dramatic splash of color in large combination containers or in the front of the garden border.

## XXL SERIES

XXL dahlias are an industry favorite with their oversized blooms towering above the plants on tall, elegant peduncles. These varieties are the most award-winning dahlias in summer trials across North America for their superior garden performance.

# GERANIUMS

A truly classic garden plant, geraniums have been a gardener's favorite for over a century. The new breeding in Dümmer Orange geraniums goes way beyond the basics and has created the easiest plants for growers and the most durable plants for gardeners, making sure this staple remains a favorite for a century more.

# GERANIUMS

***AT THE INTERSECTION OF SCIENCE AND BEAUTY..***

A COMPLETE PORTFOLIO OF ZONALS, INTERSPECIFICS, NOVELTIES, AND IVIES TO FILL EVERY NEED. WE OFFER THE BRIGHTEST COLORS, GROWER-FRIENDLY HABITS, AND THE BEST GARDEN PERFORMANCE.

## **SURVIVOR<sup>®</sup>** SERIES

---

The Survivor<sup>®</sup> varieties are just that, a premium plant which will finish easily and lends itself to many container sizes and growing conditions. They have the classic lively foliage with the distinct zoning, showcasing the large flowers in bright colors.

## **SAVANNAH** SERIES

---

A great pick for a premium zonal program, Savannah varieties have a deep dark-green foliage to set them apart on the bench. Savannah<sup>®</sup> varieties are also recognized for their superior plant habits across the series.

## **BROCADE** SERIES

---

Brocade geraniums offer something different in the garden with their unique foliage colors and incredible flower power. Brocade have exceptional garden performance in containers and the landscape, so much that two varieties have AAS distinction.

## PATRIOT SERIES

---

These early-season performers explode with vigor on the bench and in the landscape. Excellent for larger container sizes and combination planters where you need to fill with color fast.

## MAESTRO IDOLS SERIES

---

These varieties are ideal for mid-season sales with a medium vigor for 4- and 6-inch containers, and the classic green with deep zoned leaves that consumers love.

## BIG EEZE SERIES

---

Hands down, the most impressive geranium for retail sales. This interspecific has the heat tolerance of an ivy, but with the classic look of a zonal with super-sized flower power.

## SANTANA SERIES

---

The perfect pick for nonstop flowering baskets, Santana has a well-branched and controlled mounding and spreading habit for maximum flower power at retail, with unstoppable performance in the summer months for consumers.

# NEW GUINEA IMPATIENS

***PROVIDING EVERY POSSIBLE SOLUTION...***

WITH A COMPREHENSIVE COLLECTION OF TEXTURES, PATTERNS, AND COLORS, OUR PORTFOLIO WILL ELEVATE CONSUMERS' INTERESTS AND GROWERS' PROFITS.

## PETTICOAT® SERIES

The Petticoat® lineup is the preferred solution for early-season sales. This series has outstanding uniformity and a full spectrum of solid colors, stars, and frosted bicolors. The varieties have medium vigor and are the earliest to flower, making them ideal for spring pots and baskets.

## MAGNUM SERIES

The Magnum series is well-known and aptly named for its impressive, oversized blooms that grab consumers' attention at retail. The plants have appropriate vigor for larger containers and hanging baskets, and the varieties match up well for easy combinations.

## ROLLER COASTER SERIES

Maximize profits by offering consumers wildly unique flowers on one of their favorite bedding plant categories. The Roller Coaster varieties have wavy, three-dimensional blooms with vivid colors to provide ultimate interest in container gardens and front-of-the-border plantings.

## SUNSTANDING<sup>®</sup> APOLLO SERIES

This series is our most popular choice for large landscape installations, featuring intense pure colors on plants with exceptional vigor. Perfectly matched across the colors, landscapers can mix and match for designer and seasonal color combinations. The full sun and full shade tolerance of SunStanding<sup>®</sup> varieties makes them a versatile option to use across all landscape beds.

## SUNSTANDING<sup>®</sup> HELIOS SERIES

For growers looking for varieties suitable to smaller containers, or landscapers needing a front-of-the-border option, the Helios family offers the same characteristics as Apollo varieties, but with a 20% smaller plant habit, smaller leaves, and smaller, but more prolific flowers.

## SUNSTANDING<sup>®</sup> JAZZY SERIES

Jazzy varieties add dramatic flair to the program with a bright tropical look. With intense neon-colored flowers on top of brilliant lemon-lime variegated foliage, these are showstoppers on the retail bench and in large combination containers. The decorative foliage of Jazzy varieties works equally well as an ornamental addition to combos, but with the added bonus of vibrant flowers throughout the summer.

Impatiens Interspecific SunStanding® Apollo  
Lilac | 32484

Our most popular choice for large landscape installations, featuring intense colors on plants with exceptional vigor. Perfectly matched across the colors, landscapers can mix and match for limitless combinations. The versatile full-sun and full-shade tolerance of SunStanding® varieties make them the perfect option to use across all landscape beds.

## INTRODUCING MANDALA® & MANDALA® PLUS

Pericallis Mandala® and Mandala® Plus are just what you need for early spring sales. With bright bicolors as well as solid colors, Dümme Orange has many options to fill smaller pots and larger containers. They make an excellent potted flowering crop that can target holiday sales. These vivid, floriferous plants are well-branching, suitable for cooler weather, and pair nicely with Pansies, Primula and Osteospermum.

Mandala® performs well when used in 5"-6" pot applications.

Mandala® Plus is best used for 6" and larger containers.

### Growers will love...

- Minimal use of PGRs ✦
- Little energy required ✦
- Very good branching ✦

### Retailers will love...

We love alternanthera for its colorful foliage and its versatility both indoors and out. It's a popular groundcover and used in mixed combinations where hot weather durability is a must. But these varieties are also fantastic as interior foliage items. Outdoors, these low-growing varieties of alternanthera are useful as an edging plant or the front of the border.

Nemesia Escential  
Pinkberry

Escential Nemesia from PlantHaven are shining stars in the class. With vibrant, two-toned blooms and intense fragrance, Escentials bring the essence of Spring to retail and the home garden. The series was also bred for sterility and cannot set seed, allowing the plants to continue blooming well into the summer for months of vibrant color and cheer.
