All about JUB

SINDS / SINCE 1910

De kennis en kunde die al vier generaties lang wordt doorgegeven, is de sleutel tot het succes van ons familiebedrijf. Wat in 1910 begon als Jac. Uittenbogaard is nu een internationaal opererend bloembollenbedrijf, onder de naam JUB Holland. Binnen ons bedrijf komen alle facetten van het vak aan bod. Hiermee onderscheiden wij ons van andere aanbieders.

The knowledge and expertise that has been passed down through four generations, is the key to the success of our family business. What began in 1910 as Jac. Uittenbogaard, is now an internationally operating flower bulb company, under the name JUB Holland. Within our company, all facets of craftsmanship are covered. This is how we distinguish ourselves from other suppliers.

ONZE EIGEN KWEKERIJ / OUR OWN NURSERY

Het mooie van JUB Holland is dat wij één van de weinige bedrijven in de bollensector zijn die alles zelf doen. We kweken de bollen op onze eigen kwekerij, we veredelen en we handelen. Dit kenmerkt ook onze geschiedenis. Op 35 hectare eigen grond kweken wij 49 soorten tulpen en 16 soorten narcissen, uiteraard allemaal gecertificeerd (MPS A en PlanetProof).

The great thing about JUB Holland is that we are one of the few companies in the bulb sector to manage a broad variety of aspects ourselves. We grow bulbs on our own nursery, we breed, we trade. This characteristic is deeply intertwined with our historical development. On 35 hectares of our own land we grow 49 tulip varieties and 16 daffodil varieties, all certified of course (MPS A and PlanetProof).

NIEUWE SOORTEN / NEW VARIETIES: REMARKABLE

We verenigen graag onze krachten met die van anderen. Daarom zijn wij onderdeel van Remarkable Tulips, een collectief van zeven bloembollenkwekers en -exporteurs dat werkt aan de veredeling en ontwikkeling van nieuwe tulpenrassen. Deze bollen zijn van de allerbeste kwaliteit en hebben een hoge weerstand tegen ziektes. Veredelen vergt geduld, maar het resultaat is het meer dan waard: de mooiste en meest exclusieve tulpen.

We gladly join forces with others. That is why we are part of Remarkable Tulips, a collective of seven flower bulb growers and exporters that works on the breeding and development of new tulip varieties. These bulbs are of the best quality and have a high resistance to diseases. Breeding requires patience, but the result is more than worth it: the most stunning and most exclusive tulips.

KWALITEITSPRODUCTEN / QUALITY PRODUCTS

We hebben een sterke reputatie hoog te houden met onze producten. De kwaliteit van onze bollen staat bij ons voorop en we werken samen met beroemde stylisten om nieuwe verpakkingen te creëren. We zijn altijd op de hoogte van de allerlaatste trends. Al onze verpakte bollen hebben het keurmerk 'Sustainable Supplier'. Hiermee laten we zien dat we voldoen aan de eisen van morgen voor hoogwaardige producten die worden geproduceerd en vermarkt met respect voor mens, maatschappij en milieu.

We have a strong reputation to maintain with our products. The quality of our bulbs is our top priority, and we work with world-renowned stylists who create distinctive designed packages. We are always up to date with the latest trends. All our packaged bulbs have the quality mark 'Sustainable Supplier of Quality Products' - showing that we meet tomorrow's demands for high-quality products, produced and marketed with respect for individuals, society as a whole and the environment.

LANDSCAPE & KEUKENHOF

Creativiteit is onze kracht, het vergroenen van steden is een internationale trend, waarin JUB Holland een actieve rol speelt (wij maken totaalconcepten). Sterker nog, je zou ons zelfs een trendsetter kunnen noemen: in de jaren 80 ontwikkelden we de bollenplantmachine die razendsnel bloembollen onder gras plant. Onze klanten zijn gemeenten, bedrijven, park- en recreatieafdelingen, hoveniers en landschapsarchitecten in Europa.

Creativity is our strength. Greening up cities is an international trend, in which JUB Holland plays an active role (we offer complete concepts). Indeed, you could even call us a trendsetter: in the 1980s we developed the bulb planting machine, which plants flower bulbs under grass at lightning speed. Our customers are local authorities, companies, parks and recreation departments, gardeners, and landscape architects in Europe.

JUB & Duurzaamheid

De kennis & expertise die door 3 generaties is doorgegeven is de sleutel tot het succes van ons familiebedrijf. Om een gezond en toekomstbestendig bedrijf over te kunnen dragen aan de volgende (5e) generatie, levert JUB Holland een actieve en structurele bijdrage aan de ontwikkeling van een duurzamere bloembollensector. Hierbij richten wij ons op het verbeteren van de leefomgeving (milieu), de duurzame inzetbaarheid van medewerkers en het stimuleren van samenwerking. Hiermee dragen wij bij aan de Sustainable Development Goals.

LEEFOMGEVING

Duurzame bollenteelt

De narcissen en tulpen van de eigen kwekerij zijn **MPS-A** en **On the way to PlanetProof gecertificeerd**, er worden continu stappen genomen om de milieu-impact te verlagen. Onze percelen zijn voorzien van drains omhuld met ijzerzand, waarmee de **fosfaatuitspoeling naar het oppervlaktewater met 30% - 60% wordt gereduceerd**.

Wij doen diverse praktijkonderzoeken om het gebruik van gewasbeschermingsmiddelen terug te dringen, waaronder:

- Toepassing van houtvezel t.b.v. onkruidbestrijding;
- Hete luchtbehandeling van narcissen ter vervanging van warmwaterbehandeling;
- **Inzet op virusresistentie en plantweerbaarheid** van nieuwe tulpensoorten via onze participatie in veredelingsbedrijf Remarkable.

Duurzame productie

JUB Holland is aangesloten bij de Stichting Sustainable Suppliers of Horticultural Quality Products die ernaar streeft om **100% gecertificeerde bloembollen in te kopen en te verhandelen**. Deze stichting is vanaf september 2023 aangesloten bij FSI 2025.

Wij zoeken doorlopend naar duurzamere materialen en oplossingen voor onze producten;

- Deze catalogus wordt **100% CO₂ neutraal gedrukt op FSC gecertificeerd papier**. Met CO₂ neutraal bedoelen we dat de CO₂ wordt berekend en gecompenseerd door te investeren in natuurherstel en -behoud.
- De verpakte bloembollen worden verpakt in **PCR folie**, bestaand uit **> 90% gerecycled materiaal**

Wij zetten in op **hergebruik van materialen** door:

- displays retour te nemen en te reviseren waar mogelijk;
- houten pallets te repareren in plaats van vervangen;
- fust te hergebruiken bij plantprojecten waardoor geen afval ontstaat.

Binnen JUB Holland worden **zes afvalstromen onderscheiden en ter recycling aangeboden** aan een nabijgelegen recyclingbedrijf.

Energie

JUB Holland gebruikt **100% Nederlandse groene stroom** door:

- 971 zonnepanelen op het bedrijfspand die jaarlijks ca. 359 MWh elektriciteit opwekken (50%);
- de overige elektriciteitsbehoefte van Nederlandse zonne-energie groen in te kopen.

Door continu te investeren in **energiebesparende maatregelen** hebben wij ons gas- en elektriciteitsverbruik in 2023 met respectievelijk 35% en 15% verminderd t.o.v. 2022.

Voor ons interne transport maken wij uitsluitend gebruik van elektrische heftrucks.

- Hierdoor hebben wij onze CO₂ uitstoot in 2023 kunnen verminderen met 25% t.o.v. 2022.

Biodiversiteit

Door ons te richten op de **vergroening van openbare ruimtes** leveren wij indirect een bijdrage aan de **ontwikkeling van leefbare en duurzame steden en buitenruimten**:

- In de loop der jaren hebben wij 55 Bonte Bermen aangelegd op diverse locaties in heel Nederland die als doel hebben de biodiversiteit te vergroten en omwonenden te informeren over de toegevoegde waarde hiervan.

Op het bedrijventerrein en de percelen heeft JUB Holland diverse landschapselementen aangelegd en nestgelegenheden gecreëerd, waaronder:

- Een natuurvriendelijke oever (150m) en beukenhagen op en langs het terrein;
- 325m² biotoop tussen de percelen met inheemse beplanting t.b.v. patrijzen;
- Eendenkorven en nestkasten.

DUURZAME INZETBAARHEID

Wij streven ernaar om onze medewerkers met plezier aan het werk te houden tot aan pensioen en beogen een omgeving te creëren waarin onze medewerkers vitaal blijven.

Persoonlijke ontwikkeling en welzijn

JUB Holland **stimuleert medewerkers zich persoonlijk te ontwikkelen** door het aanbieden van scholing en training.

We investeren actief in (bedrijfs) middelen die de **werkplek veiliger en gezonder maken** en arbeidsprocessen verlichten.

Kennisdeling en educatie

Vanuit onze passie voor bloembollen, vinden wij het belangrijk om **jongeren kennis te laten maken met onze mooie sector**. Dit doen wij door:

- het aanbieden van stageplekken om beroepservaring op te doen;
- begeleiding van studenten bij afstudeeropdrachten;
- samen te werken met de lokale middelbare school om invulling te geven aan hun praktijkgerichte leerprogramma;
- mee te werken met diverse onderwijsinitiatieven om studenten enthousiast te maken voor de sector.

SAMENWERKING

Wij zijn ervan overtuigd dat het aangaan van **partnerschappen, het opbouwen van langdurige relaties en het delen van ervaringen** bijdragen aan het realiseren van onze duurzaamheidsambities.

Onze partnerschappen zijn erop gericht om individuen, bedrijven en overheden te informeren en inspireren over de toepassingsmogelijkheden van bloembollen ter vergroening van buitenruimten.

JUB & Sustainability

The knowledge & expertise passed down through 3 generations is the key to the success of our family business. In order to hand over a healthy and future-proof company to the next (5th) generation, JUB Holland makes an active and structural contribution to the development of a more sustainable flower bulb sector. We focus on improving the living space (environment), the sustainable employability of employees and stimulating collaboration. In this way, we contribute to the Sustainable Development Goals.

LIVING ENVIRONMENT

Sustainable bulb cultivation

The daffodils and tulips from our own nursery are **MPS-A** and **On the way to PlanetProof certified**, which means continuous steps are taken to **reduce environmental impact**. We have fitted our plots with drains encased in iron sand, reducing phosphate leaching to surface water by 30% - 60%.

We are conducting various field studies to **reduce the use of crop protection products**, including:

- Application of wood fibre for weed control;
- Hot air treatment of daffodils to replace hot water treatment;
- **Commitment to virus resistance and plant resilience of new tulip varieties** through our participation in breeding company Remarkable.

Sustainable production

JUB Holland is a member of the Foundation Sustainable Suppliers of Horticultural Quality Products, which aims to buy and trade 100% certified flower bulbs. This foundation is affiliated to FSI 2025 from September 2023.

To produce our packaging, we are constantly looking for more sustainable materials and solutions to reduce residual waste:

- This catalogue is printed 100% CO₂ neutral on FSC certified paper. By CO₂ neutral, we mean that the CO₂ is calculated and compensated by investing in nature restoration and conservation.
- Our prepacked flower bulbs are wrapped in PCR film, consists of > 90% recycled material.

We are committed to reusing materials by:

- returning displays and revising where possible;
- repairing wooden pallets instead of replacing them;
- reusing packaging in planting projects, thus avoiding waste.

Within JUB Holland, six waste streams are distinguished and offered for recycling to a nearby recycling company.

Energy

JUB Holland uses **100% Dutch green electricity** by:

- 971 solar panels on the company premises, generating appr. 359 MWh of electricity annually (50%);
- sourcing the remaining electricity from Dutch solar power.

By continuously investing in energy-saving measures, we have reduced our gas and electricity consumption by 35% and 15% respectively in 2023 compared to 2022.

For our internal transport, we exclusively use electric forklifts.

- This has enabled us to reduce our CO₂ emissions by 25% in 2023 compared to 2022.

Biodiversity

By focusing on greening public spaces, we indirectly contribute to the development of liveable and sustainable cities and outdoor spaces:

- Over the years, we have constructed 55 Vibrant Verges at various locations throughout the Netherlands that aim to increase biodiversity and educate local residents about the added value.

At the company premises and plots, JUB Holland has constructed various landscape elements and created nesting opportunities, including:

- A nature-friendly bank (150m) and beech hedges on and along the site;
- 325m² biotope between the plots with native planting for partridges;
- Duck nesting baskets boxes and nesting boxes for birds.

SUSTAINABLE EMPLOYABILITY

We aim to keep our employees happy at work until retirement and aim to create an environment in which our employees remain vital.

Personal development and well-being

JUB Holland **encourages employees to develop on a personal level** by offering education and training.

We actively invest in (company) resources that make the workplace safer and healthier and ease work processes.

Knowledge sharing and education

Out of our passion for flower bulbs, we believe it is important to introduce young people to our beautiful sector. We do this by:

- offering traineeships to gain professional experience;
- assisting students with graduation assignments;
- cooperating with the local secondary school to give substance to their practical learning programme;
- cooperating with various educational initiatives to make students enthusiastic about the sector.

COLLABORATION

We believe that creating partnerships, building long-term relationships, and sharing experiences contribute to achieving our sustainability ambitions.

Our partnerships aim to inform and inspire individuals, companies, and governments about the application possibilities of flower bulbs to green outdoor spaces.

New 2025

FROM THE GROWER

Onder leiding van onze eigen bollenexperts en wereldberoemde stylisten werken we er elk jaar hard aan om u de nieuwste trends in variëteiten, verpakkingen en presentatiemiddelen te presenteren.

Led by our in-house bulb experts and world-renowned stylists, we work hard every year to bring you the latest trends in varieties, packaging and presentation tools.

BIO / SKAL

In samenwerking met biologische kwekers levert JUB biologische bloembollen onder SKAL, een onafhankelijke organisatie die toezicht houdt op de biologische productie. Onze biologische kwekers doen alles wat mogelijk is om hun bollen biologisch en zo duurzaam mogelijk te telen. Een 100% natuurlijke teelt: in een gezonde bodem, met respect voor mens, plant, dier en milieu.

In collaboration with organic growers, JUB supplies organic flower bulbs under SKAL, an independent organization overseeing organic production. Our organic growers do everything possible to cultivate their bulbs organically and sustainably. They are cultivated 100% naturally: in healthy soil, with respect for people, plants, animals and the environment.

Perennials

COMING BACK YEAR AFTER YEAR

Vaste planten zijn belangrijk in de tuin als basis voor de borders waar voorjaars- en lentebollen kunnen worden geplant. Vaste planten komen ieder jaar terug en nemen jaarlijks in omvang toe.

Perennials are important in the garden as a base for borders where spring and spring bulbs can be planted. Perennials come back every year and increase in size.

JUB from the air

JUB terms & conditions

Leveringsvoorwaarden

Algemeen:

Alle offertes en leveringen door JUB Holland (Jac. Uittenbogaard & Zonen B.V.), geschieden uitsluitend op basis van de algemene verkoop- en leveringsvoorwaarden bloembollen van Anthos, de brancheorganisatie van de handelsbedrijven in bloembollen en boomkwekerijproducten, alsmede onderstaande aanvullende condities. De verkoop- en leveringsvoorwaarden bloembollen van Anthos zijn beschikbaar op de website van JUB Holland. Eventueel door de koper gehanteerde voorwaarden worden hierbij expliciet van de hand gewezen, tenzij schriftelijk anders overeengekomen. Door het plaatsen van een bestelling verbindt koper zich volledig en zonder enig voorbehoud aan deze leveringsvoorwaarden en aanvullende condities.

Offertes:

Alle door JUB Holland gedane offertes en prijsopgaven zijn geheel vrijblijvend. Offertes hebben een geldigheidsduur van 30 dagen. Een overeenkomst komt tot stand nadat deze schriftelijk door verkoper is bevestigd. Alle prijzen van de producten worden vastgesteld in euro's (€) exclusief BTW, Ex Works Noordwijkerhout, tenzij anders overeengekomen. De minimale besteleenheid per product is vermeld op de prijslijst.

Levering:

Indien JUB Holland producten in geval van overmacht, waaronder mede maar niet uitsluitend oogstresultaten, niet kan leveren, behoudt zij zich het recht voor de overeenkomst geheel of gedeeltelijk te ontbinden of aan te passen. Ofschoon de opgegeven levertijd zoveel mogelijk in acht zal worden genomen, geldt deze levertijd slechts bij benadering en kan deze nimmer worden beschouwd als een fatale termijn. JUB Holland is niet aansprakelijk voor schade als gevolg van niet tijdige levering.

Betaling:

Betaling dient te geschieden binnen 30 dagen na factuurdatum, tenzij schriftelijk anders overeengekomen. Bij betaling binnen acht dagen is 1% betalingskorting toegestaan. Bij overschrijding van de betaaltermijn is JUB Holland gerechtigd om vanaf de vervaldag de wettelijke rente in rekening te brengen. Zolang geen integrale betaling van alle door JUB Holland gefactureerde bedragen heeft plaatsgevonden, blijven de geleverde producten eigendom van JUB Holland en heeft zij het recht om de producten terug te nemen. Bij nieuwe kopers behouden wij ons het recht voor alleen na vooruitbetaling te leveren.

Reclames:

Koper is verplicht de producten bij aflevering te onderzoeken op zichtbare en/of direct waarneembare gebreken. Reclames moeten uiterlijk binnen zeven kalenderdagen na aflevering schriftelijk zijn ingediend. Door het indienen van een klacht wordt de betalingsplicht van koper niet opgeschort.

Terms & Conditions

General:

All quotations and deliveries by JUB Holland & JUB Holland UK LTD (Jac. Uittenbogaard & Zonen B.V.) are exclusively made on the basis of the general terms and conditions for flower bulbs by Anthos, the Royal Trade Association for Nursery Stock and Flower Bulbs, as well as the additional conditions below. The full Anthos Terms and Conditions for bulbs are available on the JUB Holland website. Any additional conditions applied by the buyer are hereby explicitly rejected, unless otherwise agreed in writing. By placing an order, the buyer accepts fully and without reservation these terms and additional conditions.

Quotations:

All offers and quotations made by JUB Holland are entirely without obligation. Offers have a validity of 30 days. An agreement is concluded after it has been confirmed in writing by the seller. All prices of the products are quoted in Euros (€) excluding VAT, Ex Works Noordwijkerhout in The Netherlands, unless otherwise agreed. The minimum order unit per product is stated on the price list.

Delivery:

In a case of force majeure, including but not limited to harvest results, resulting in that JUB Holland cannot deliver products, we reserve the right to cancel or adjust the agreement in writing, completely or partially. Although the stated delivery time will be taken into account as much as possible, this delivery time is only approximate and can never be considered a strict deadline. JUB Holland is not liable for damage as a result of late delivery.

Payment:

Payment must be made within 30 days after the invoice date, unless otherwise agreed in writing. When paying within eight days, 1% payment discount is allowed. If the payment term is exceeded, JUB Holland is entitled to charge the statutory interest from the due date. As long as no full payment of all amounts invoiced by JUB Holland has taken place, the delivered products remain the property of JUB Holland and it has the right to take back the products. In the case of new customers, JUB Holland reserves the right to only deliver after advance payment.

Complaints:

The buyer is obliged to examine the products upon delivery for any visible and/or immediately observable defects. Complaints must be submitted in writing at the latest within seven calendar days after delivery. By submitting a complaint, the payment obligation of the buyer is not suspended.

Lieferbedingungen

Allgemein:

Alle Angebote und Lieferungen von JUB Holland (Jac. Uittenbogaard & Zonen B.V.) erfolgen ausschließlich auf der Grundlage der allgemeinen Verkaufs- und Lieferbedingungen für Blumenzwiebeln von Anthos, der Handelsorganisation für Blumenzwiebel- und Baumschulhandelsunternehmen, sowie der nachstehenden zusätzlichen Bedingungen. Die Verkaufs- und Lieferbedingungen für Blumenzwiebeln von Anthos finden Sie auf der JUB Holland-Website. Vom Käufer verwendete Bedingungen werden hiermit ausdrücklich abgelehnt, sofern nicht schriftlich etwas anderes vereinbart wurde. Mit der Bestellung verpflichtet sich der Käufer uneingeschränkt und vorbehaltlos zu diesen Lieferbedingungen und Zusatzbedingungen.

Angebote:

Alle Angebote und Angebote von JUB Holland sind unverbindlich. Angebote haben eine Gültigkeit von 30 Tagen. Eine Vereinbarung kommt zustande, nachdem sie vom Verkäufer schriftlich bestätigt wurde. Alle Preise der Produkte sind in Euro (€) ohne MwSt. Ab Werk Noordwijkerhout festgelegt, sofern nicht anders vereinbart. Die Mindestbestellmenge pro Produkt ist in der Preisliste angegeben.

Lieferung:

Wenn JUB Holland bei höherer Gewalt keine Produkte liefern kann, einschließlich, aber nicht beschränkt auf Ernteergebnisse, behält es sich das Recht vor, die Vereinbarung ganz oder teilweise aufzulösen oder anzupassen. Obwohl die angegebene Lieferzeit so weit wie möglich berücksichtigt wird, ist diese Lieferzeit nur ungefähr und kann niemals als strenge Frist angesehen werden. JUB Holland haftet nicht für Schäden, die durch verspätete Lieferung entstehen.

Zahlung:

Die Zahlung muss innerhalb von 30 Tagen nach Rechnungsdatum erfolgen, sofern nicht schriftlich etwas anderes vereinbart wurde. Bei Zahlung innerhalb von acht Tagen ist 1% Zahlungsrabatt zulässig. Bei Überschreitung der Zahlungsfrist ist JUB Holland berechtigt, die gesetzlichen Zinsen ab Fälligkeit zu berechnen. Solange keine vollständige Zahlung aller von JUB Holland in Rechnung gestellten Beträge erfolgt ist, bleiben die gelieferten Produkte Eigentum von JUB Holland und es besteht das Recht, die Produkte zurückzunehmen. Bei neuen Käufern behalten wir uns das Recht vor, nur nach Vorauszahlung zu liefern.

Reklamation:

Der Käufer ist verpflichtet, die Produkte bei Lieferung auf sichtbare und / oder sofort erkennbare Mängel zu untersuchen. Reklamationen müssen innerhalb von sieben Kalendertagen nach Lieferung schriftlich eingereicht werden. Mit der Einreichung einer Reklamation wird die Zahlungsverpflichtung des Käufers nicht aufgehoben.

Conditions de livraison

Conditions générales :

Toutes les offres et livraisons par JUB Holland (Jac. Uittenbogaard & Zonen B.V.) sont exclusivement effectuées sur la base des conditions générales de vente et de livraison des bulbes à fleurs d'Anthos, l'organisation professionnelle des entreprises de commerce de bulbes à fleurs et de pépinières, ainsi que des conditions supplémentaires ci-dessous. Les conditions de vente et de livraison des bulbes de fleurs d'Anthos sont disponibles sur le site Internet de JUB Holland. Toutes les conditions éventuelles appliquées par l'acheteur sont expressément refusées, sauf accord écrit contraire. En passant commande, l'acheteur s'engage pleinement et sans réserve à ces conditions de livraison et conditions supplémentaires.

Offres :

Toutes les offres et devis de JUB Holland sont entièrement sans engagement. Les offres ont une validité de 30 jours. Un accord est conclu après avoir été confirmé par écrit par le vendeur. Tous les prix des produits sont fixés en euros (€) hors TVA, Ex Works Noordwijkerhout, sauf convention contraire. L'unité de commande minimum par produit est indiquée sur la liste de prix.

Livraison :

Si JUB Holland ne peut pas livrer de produits en cas de force majeure, y compris mais sans s'y limiter, les résultats de la récolte, il se réserve le droit de suspendre ou d'ajuster l'accord en tout ou en partie. Bien que le délai de livraison indiqué soit pris en compte autant que possible, ce délai de livraison n'est qu'approximatif et ne peut jamais être considéré comme un délai strict. JUB Holland n'est pas responsable des dommages résultant d'une livraison tardive.

Paiement :

Le paiement doit être effectué dans les 30 jours suivant la date de facturation, sauf accord écrit contraire. Lors d'un paiement dans les huit jours, une remise de 1% est autorisée. Si le délai de paiement est dépassé, JUB Holland est en droit de facturer les intérêts légaux à compter de la date d'échéance. Tant qu'aucun paiement intégral de tous les montants facturés par JUB Holland n'a eu lieu, les produits livrés restent la propriété de JUB Holland et elle a le droit de reprendre les produits. Avec les nouveaux acheteurs, nous nous réservons le droit de ne livrer qu'après paiement anticipé.

Plaintes :

L'acheteur est tenu de contrôler les produits à la livraison pour détecter les défauts visibles et / ou immédiatement observables. Les réclamations doivent être soumises par écrit dans les sept jours calendaires suivant la livraison. En déposant une réclamation, l'obligation de paiement de l'acheteur n'est pas suspendue.
